HEALTH

Fulfillment
Great job in achieving your daily goal of 10,000 steps. Walk faster at your next appointment. Ask your car to come along when you walk.
+ ADD TO NAVIGATION

Clear mind
Your last measured oxygen blood level was lower than normal. Spend some time outside with your kids to improve your blood oxygen level.
+ SET REMINDER

Strong heart
Your resting heart rate and blood pressure are slightly higher than normal. Increasing your daily workout +1 hour improves blood pressure and heart health.
